

Author's Name and Surname: Maria Krogulec - Sobowiec

Lesson plan No. 3 / Teachers

Subject: The role of a teacher during the implementation of the educational project.

Introduction

The classes follow the previous subject conducted by Maria Bednarska. The main aim of these classes are to prepare teachers to supervise the implementation of students' educational projects related to the local community. The following lesson plan includes written how the teacher and students shall plan the project activities (with particular emphasis on issues related to the schedule, presentation and evaluation of the project outcomes). All further actions taken by teachers will be supervised and supported by the lecturer in this field.

The aims:

Students/Participants :

- analyze the activities according to the stages of the project by Emer and Lenzen,
- plan detailed schedule of teachers' and students' activities during the project,
- analyze information on a good presentation,
- establish the rules for creating a multimedia presentation,
- develop methods and criteria for assessing students' educational projects,
- specify the subject and the recipient of the project evaluation,
- familiarize with the method of documenting and monitoring of all project activities in the form of a project report,
- explain the role of self-evaluation in all project activities.

Methods and Forms:

- lecture supported by Microsoft PowerPoint presentation
- discussion
- work with text

TBF – Ku lepszemu przyszłości – Edukacja jako miejsce promocji regionów Świętokrzyskiego i Abruzzo

- work in groups
- self-assessment conducted by using „Traffic light” method .

Teaching aids:

- **Attachment No 1.** The educational project in the eyes of a student.
- **Attachment No.2** A registry excerpt/fragment of one of the projects run by The Complex of Vocational Schools No. 7 in Kielce.
- **Attachment No 3.** Detailed schedule of teacher’s activities within a project.
- **Attachment No 4.** The schedule of students’ activities in the implementation of the educational project.
- **Attachment No 5.** The financial plan of an educational project.
- **Attachment No 6.** Exemplary project assessment presentation sheet.
- **Attachment No 7.** Exemplary criteria for a student's educational project evaluation.
- **Attachment No 8.** Exemplary project assessment presentation sheet of students in Germany.
- **Attachment No 9.** Planning student’s educational project evaluation.
- **Attachment No 10.** Exemplary criteria of project evaluation „*Calculators, computers, robots, Yesterday and Today*” on the example of Complex of Vocational Schools No. 7 in Kielce.
- **Attachment No 11.** An example of students observation sheet during the implementation of the educational project.
- **Attachment No 12.** How to report on the educational project implementation.
- Microsoft PowerPoint presentation „*How to prepare a professional presentation on the project?*”.
- self-adhesive slips in 3 colors (red, green, yellow)to carry on „Traffic light” self-assessment.
- Flipcharts, markers.
- A2 sheets of paper
